in partnership with

UIM-FRTI, Bengaluru

Mar Chrysostom Study Centre (MCSC)

MCSC via its Masters programme in Family Life Education, Marriage & Family Counselling and its Missions Studies Programme aims at equipping students to educate, enrich and shape individuals, families and communities of the future.

MCSC encourages students of the Masters programmes to be a part of the solution via their own learning while supporting their development throughout the postgraduate student journey. The Masters programmes respect evidence and expertise, and students will be called upon to develop crucial thinking and apply rigour during the course, in keeping with the institution's quest for excellence in what it delivers.

Mode of Learning

A unique multidisciplinary compressed semester programme where students are required to attend classes for five times in two years. Students have to attend classes for one week each in the months of August, January and May at MCSC, Pune. The online classes will be held mostly on Saturday from 9 am to 1 pm as per requirement from September to April. It will be planned and intimated much in advance.

Family Education and Counselling Courses

1

M.A. in Family Life Education

Master of Arts in Family Life Education is designed for candidates seeking careers in family life and community education, and those seeking a more in-depth study of the historical foundations, research and structure of family life education and family systems in general. The course integrates the best practices for theory-based programme delivery, management, evaluation and research. It enables learning from acclaimed faculty, gaining new skills and perspectives, and building a career that will sustain one's passions and excellence into the future.

Areas covered are:

- Individuals and Families in Societal Context
- Human Growth and Development
- Christian Marriage and Family Life
- Family Law and Public Policy
- Internal Dynamics
- Marriage and Marital Relationship
- Family Resource Management
- Human Sexuality
- Professional Ethics
- Family Life Methodology and more...

2

M.A. in Marriage and Family Counselling

Master of Arts in Marriage and Family Counselling focuses on teaching a curative approach for building the basic unit of society. It aims at empowering and nurturing the institution of marriage and family and strengthening the synergy between these two basic social units.

The course is designed to engage in teaching and training skills, therapies, and interventions through a comprehensive, academic curriculum assimilating both knowledge as well as application. This is achieved through lectures, workshops, and intensive counselling practicum under trained supervisors and mentors.

Areas covered are:

- Individual Counselling skills
- Marriage and Family Counselling
- Counselling families with special needs (mental disabilities and mental illness)
- Professional ethics in Counselling
- Theology of Marriage and Family in Counselling.
- Research writing
- Child centered Therapy
- Thanatology (study of death and dying) and Grief Counselling and more...
